

nLighten edge data center

Hamburg.

HAM1

The major port city of Hamburg is home to the most northerly of the nLighten data centers in Germany. Famous for its shipping industry, Hamburg is also a significant manufacturing base, especially in the production of steel, aluminium, and copper. It also boasts a thriving creative community with multiple media and publishing firms as well as 2,000 companies in the music business alone. The creative and other industries in Hamburg depend on reliable colocation and internet infrastructure, of which the nLighten data center is an important part.

nLighten Hamburg.
 Großmoorbogen 25
 21079 Hamburg

Location specifics.

The data center is conveniently located just off the A1 motorway, 15 minutes from Hamburg’s main train station, and 30 minutes by car from Hamburg Airport. The data center has an area of more than 555 m², 35 kW of power, an office area and ample parking space.

Like the other nLighten facilities, the Hamburg location enables our customers to benefit from a well-connected, high-availability data center and capable of housing high-density cabinets. The data center comes with a wide range of on-site services and a growing ecosystem of partners, all there to optimally support our customers’ IT environment.

Highlights.

555 m²
 of edge data center space

Final capacity figures under review

Sustainability:
 Commitment to a net-zero carbon footprint

Compliance:
 ISO27001 in all locations

Edge data center Hamburg Features.
