

nLighten edge data center

# Paris II.

PAR2

Paris, the capital and prosperous heart of France, is a city where innovation converges with business. Famous for its dynamic high-tech sector, particularly in the aerospace and automotive industries, Paris and the Île de France region fuel the country's innovation economy. With institutions like the Sorbonne and the world-class Paris-Saclay scientific and technological innovation hub, there is a vast scope for experimenting with innovative solutions. Its diverse ecosystem has a dense network of national companies, research centers, and scientific, technological and healthcare educational institutions that foster frequent breakthroughs in cutting-edge and future-oriented fields. The nLighten data center in Paris in Île de France connects companies to the future and supports regional and national industry and the spirit of innovation of the Paris region, the business center of France.

**nLighten Paris II.**  
34, rue des Gardinoux  
93300 Aubervilliers

## Location specifics.

**The data center is located in the north of Paris city center,** close to the A1 motorway and just 25 minutes by car from Paris Charles de Gaulle Airport.

Like the other nLighten facilities, the Paris 2 (PAR2) location enables our customers to benefit from a well-connected, high-availability data center and capable of housing high-density cabinets. The data center comes with a wide range of on-site services and a growing ecosystem of partners, all there to optimally support our customers' IT environment.

## Highlights.

**1,800 m<sup>2</sup>**

of edge data center space

**1,500 kW**

proposed end-state  
site capacity

AI-readiness:  
Design build of up to 50+ kW  
rear-door cooling

Sustainability:  
Commitment to a net-zero  
carbon footprint

Compliance:  
ISO27001 in all locations

## Edge data center Paris II Features.
