

nLighten edge data center

**Paris III.****PAR3****nLighten Paris III.**12, rue Vladimir Jankelevitch  
77184, Émerainville**Location specifics.**

**The data center is located in the east of Paris, within the ZAC de la Malnoue business park in Émerainville,** with direct access to the A4 motorway and the N104 Francilienne, approximately 40 minutes by car from Paris Charles de Gaulle Airport.

Like the other nLighten facilities, the Paris 3 (PAR3) location enables our customers to benefit from a well-connected, high-availability data center and capable of housing high-density cabinets. The data center comes with a wide range of on-site services and a growing ecosystem of partners, all there to optimally support our customers' IT environment.
